ART PUBLISHERS TO THEIR MAJESTIES THE KING & QUEEN.

By Appointment

Gloucester Cathedral from the Paddock. The chief building and greatest ornament of Gloucester is the Cathedral, once the Church of the Benedictine Abbey of St. Peter. It is a Norman building, with later additions in more than one style of Gothic. This incomparably dignified and beautiful building was begun by Abbot Serlo in 1088, while the magnificent Tower shown in the picture was built by Abbot Seabrook in 1457.
